**R190,000**

**VFA135600**

Indian male with a very good career progression at a fabulous company that produces atchar, gravy powder, canned products and spices. He has worked mainly in QA and has also had exposure to a lot of development work. He runs a QC lab and also works with PRP's, SANAS and Food Safety programs including familiarity with HACCP. He needs to relocate to Cape Town and is looking for a QA position. He comes highly recommended by a Director of the company.

**TECHNICAL MANAGER**

**R415,220**

**VFC130655**

Introducing a star applicant with a National Diploma in Food Technology and over 15 years experience in the Food Industry. She is very highly rated and a strong all round performer. Most of her experience has been in baked goods, but she has had experience in fresh produce as well. She would like to find a position a little closer to home, so anything in the Northern parts of Johannesburg or West Rand and surrounding areas would be considered.

**PROCESSING MANAGER**

**R452,000**

**VFC133491**

Introducing a stellar applicant with a Meat Cutting Technology Level 3 qualification and 14 years experience in the Meat Industry. He has worked many years as a blockman and then as a production manager for a well-known meat company. Through the various positions he has worked with Lamb, Beef and Pork as well as the exotic Chicken/ Turkey/ Duck combinations and poultry. Seeking a position in a factory environment this applicant brings broad formal knowledge as well as a knowledge of HACCP and PRP's and a true passion for the meat industry to the table.

**GRADUATE**

**Negotiable**

**VLA131697**

Presenting a bright graduate who has just completed his BSc in Microbiology. He is looking at making an entry into the working world, preferably in the Food industry, where he can gain exposure to different areas.

*The Specialist Personnel Consultants*

**TECHNICAL/QA MANAGER**

**R400,000**

**VFC125455**

Introducing an AA applicant with 8 years international experience. He is currently busy with his MSc in Food Safety Management and has completed a National Diploma in Environmental Health. Although most of his experience has been in the Meat Industry, he has also been involved in Canning, Confectionery, Frozen products and Dairy. He would like to move back to South Africa and is happy to be based anywhere within the country.

**MICROBIOLOGIST**

**R36,000**

**VFB119206**

This Female AA Applicant has worked in one of the best-recognised Condiment Companies in South Africa. She has held positions in both QC and Micro and has had exposure to Sauces, Marinades and Spice Blends manufactured for the Industrial Markets. She enjoys both Micro and QC and seeks a position in either.

**BUSINESS DEVELOPMENT MANAGER**

**Negotiable**

**VFA128399**

A very competent strategic thinker with a Degree in Food Tech followed by an MBL. He has had exposure to NPD, Quality, Technical as well as Category Development for one of the most highly respected and well-recognised corporates in South Africa. He's looking at the Business Development side of the business where his foresight and strategic abilities can be utilised fully.

**QA/PEST CONTROL OFFICER**

**R135,000**

**VFC135540**

Introducing an EE applicant with a B. Tech in Food Technology as well as his Pest Control Certificate amongst others. HE has been in the Food Industry for a number of years where he has gained good experience in Pest Control, HACCP and various other food safety requirements. He is seeking a new, challenging position in the Gauteng or North West regions.

**XRF SPECIALIST**

**Negotiable**

**VQM135518**

An AA applicant who has just completed his MSc in December 2011 and is looking for a position either in sales or in service engineering for a company manufacturing analytical equipment. With his majors in physics and applied maths, this applicant has spent 5 years working extensively with XRF Spectrometers and has travelled fairly extensively through Africa doing installations and training on such equipment. Seeking a position in Gauteng.

**TECHNICAL MANAGER**

**R500,000**

**VFB135526**

Presenting a top applicant with National Diploma in Food Technology as well as 20 years experience in positions ranging from R&D Manager to Production and QA Manager as well. She has been highly recommended by a previous senior and would certainly be a valuable asset to any company in the Food Industry. She is available for a suitable position in either Gauteng, Western Cape or KZN.

**PRODUCTION MANAGER**

**R360,000**

**VF135445**

This applicant has 14 years Food Industry experience, with the majority of his time being spent as a Production Manager. His SHEQ and HACCP knowledge is also an advantage. His previous senior rated him very highly and would gladly take him back at any opportunity. He is available for a suitable position throughout the Gauteng province.

**QUALITY CONTROLLER**

**R126,000**

**VFC119907**

This AA candidate has a National Diploma in Food Technology as well as a B. Tech in Quality Management. He comes with a number of years experience in Fresh Foods as well as Milling. He is available for positions in the Johannesburg and Pretoria areas.

**KEY ACCOUNT MANAGER**

**R600,000**

**VF130492**

Presenting an applicant with 30 years experience in the Flavour Industry. She has done a huge amount of business with many of the biggest companies in the Food Industry and has also dealt with companies in sub-Saharan Africa as well. She comes with excellent references and is available in the Gauteng region.

**LABORATORY MANAGER**

**R420,000**

**VFB135257**

Introducing an applicant with a Diploma in Microbiology and a Diploma in Microcomputers. Fluent in English and Portuguese, he has held a number of laboratory roles - mainly in the pharmaceutical industry and a little in the food industry. Seeking a Lab Management anywhere in South Africa.

**Professional Career Services – Curriculum Vitae**

Tel: +27 (11) 789 3337 Fax: +27 (11) 787 0024

**QA TECHNOLOGIST**

**R169,500**

**VFC119302**

This Male AA candidate has 5 years experience in the QC, QA and R&D fields within the Food Industry. He was instrumental in implementing HACCP and getting HACCP accreditation at the company he is currently working with. Very much hands-on implementation. R&D-wise - he has worked with both savoury and sweet applications. He has been closely involved in the development of custom-made flavours for clients and thus worked closely with the Technical Sales Team. A great all-rounder who seeks a challenging QA Position.

**LOGISTICS MANAGER**

**R360,000**

**PLA127550**

Introducing an applicant with over 14 years experience in Warehousing and Logistics in the Food Industry. He ran his own business for a number of years where he dealt with one of the largest Supermarket chains as well as Meat, Dairy and Beverage companies. He is very knowledgeable across the entire Supply Chain and is a highly capable individual. He is looking to contribute to a company wishing to grow and expand their business. Available in the Gauteng region.

**QA SUPERVISOR**

**R190,000**

**VF130424**

Here is an EE applicant with a National Diploma in Microbiology. She has 10 years experience in the Food Industry and has experience with baked products, meat, sauces and spices. An assertive lady who does not back down if corrections need to be made. She is available in the Gauteng region for a position where there is opportunity for growth.
